ABOUT ME

I'm a knowledge worker focused on Machine Learning.

My biggest asset is being able to quickly learn and adapt.

I did part-time web development throughout my university degree, nevertheless, my passion is Machine Learning, having invested years learning it and now willing to kick-start my career on it.

I'm organized, methodical, passionate. I love the process of finding solutions to challenging problems, I greatly appreciate autonomy, as well as teamwork.

WORK EXPERIENCE

[09/2021 – 05/2022] **Web developer**

Penceo

City: Remote
Main activities and responsibilities:
Development, extension and maintenance of new and existing Web Applications in Angular for major sport companies like FIBA, FIA and Red Bull. Following an agile workflow, with a team of 5-10 developers, working on multiple projects in parallel.

[07/2017 – 05/2022] **Freelance Web Developer**
